

75
years

1936-2011
75 years of filming & stills
at Battersea Power Station

history is still in the making...

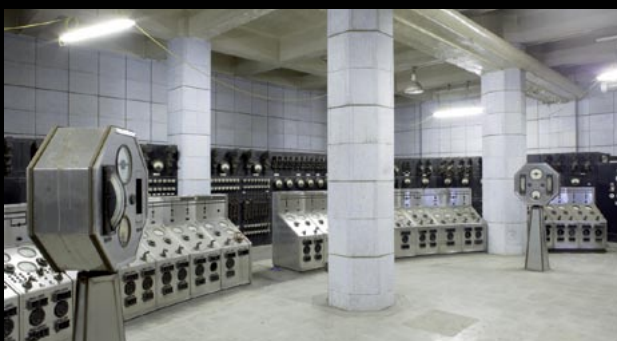

- a location with a unique presence in film, television and photographic history
- an array of visually rich environments on the 38-acre, central london, riverside site
- the site is available at fair rates to projects both large and small

the king's speech
winner 4 academy awards, 7 baftas

(image courtesy: see-saw films)

"the staff and management
made working on the site
a delight." sky news

live projection election night 2010
